 - Members discussed the information received from Yorkshire Ambulance Service in which their insistence that the defibrillator at Glaisdale must either be taken on (ownership) by the parish council or YAS will remove the unit, taking it out of service. The reasons given were that YAS can no longer afford to carry the care and maintenance costs and that the solution they have put forward is the only way that the unit can be retained.
 - Members were not pleased that this solution appears to be a 'take-it-or-leave-it' option but agreed that the defibrillator is a valuable asset for the community and one which the community would be loath to be without. The costs of ownership and maintenance were
