- **Noted.**

4.2** New set of pads has been installed at Glaisdale CPAD unit (existing set beyond end date putting the unit out of action) restoring the unit to full use.

Only one set of pads now available as spares for all three units installed throughout the parish. Authority requested to order further two sets from suppliers.

- Since publication of the agenda for this meeting, the cPad unit at Lealholm went out of service due to a failed battery. A spare battery held by GPC has been fitted and the unit is now restored to service.
- There is now a need to order a new battery as well as the additional pads. In addition, it has been noticed that the CPR mask is missing from the Lealholm cPad (possibly used during last incident at Lealholm.)
- Due to the withdrawal of Cardiac Science from direct involvement with cPad supplies it is now necessary to deal with a new supplier for spares and consumables (Cosmos Supplies) The Clerk has opened an account with Cosmos and initiated an order for a new battery, two sets of adult pads and two CPR masks have been ordered.
